

The Ancestral® door

# *A lasting first impression*

For more than 35 years, our company has been serving the most discerning customers with fully customized doors that combine true craftsmanship with the modern features necessary for our North American climates.

From mission style to old world charm, these exterior single, or double french doors are built for your lifestyle.

All our doors are made to order using the finest materials and humidity controlled woods. Uniquely prefinished in our climate controlled paint shop, our all-wood doors are the perfect complement to our all-wood windows. We will work in partnership with you, your architect and your builder and we will design the perfect door for your home.

The first impression,  
the one that lasts...

## THE ANCESTRAL® DOOR

### SOLID WOOD CONSTRUCTION

Choose from White Oak, Western Red Cedar, African Mahogany, Douglas Fir or Honduran Mahogany. Solid wood only, no laminates, finger joints or veneer are used.

### EXTERIOR CASING OR BRICKMOLD

Available upon request in standard or custom profiles. Interior casing is also available.

### ASTRAGAL

Made out of 1 5/8" solid hardwood for superior strength. Used at the meeting stiles of our double French door to receive flush bolts and weather-stripping for maximum security and protection against the elements.

### GLASS

Factory glazed with single lite or double insulated glass units, 7/8" IGU is standard, Low-E, Argon filled, Laminated and restoration glass options available. Tempered glass is standard with all our doors.

### 2 1/4" SASH

Offers incomparable strength and high performance ratings with its hidden mortise and tenon construction. Comes standard with 5 1/2" stiles and top rail, 7 1/2" bottom rail, custom dimensions available.

### 1 5/8" FRAME

Nothing compares with our solid wood frame. Providing incredible strength, stability and durability with its unique design all wood sloped sill.

### PERFORMANCE

Cell: 1 418 851-5113

### MUNTINS

Custom or standard 7/8" Simulated divided lite (SDL) and True divided lite 1 1/4" (TDL) options. With choice of colors for perimeter and internal spacer bars.

### HARDWARE

All our doors come with top quality solid brass ball bearing hinges. Black finish with flat tip are standard, many decorative finials and finishes available. Matching flush bolts come standard with our double French doors. You can choose your own lockset and send it to us for factory installation.

### SCREEN

1 1/2" thick solid wood screen door with fiberglass, stainless steel or bronze mesh. Interchangeable storm door is also available upon request.

As exclusive as our custom front entry doors, our French doors, Dutch doors or any other doors are made to match your entire project. They are the fine touch and refinement showing grace and elegance in your home.

### NEW

Optional granite sill available in many colors.

### RATINGS AND CERTIFICATIONS

Tested by an independent lab in accordance with the NFRC and Energy Star standards.
